

GALLERY OF MODERN ART

Contemporary, creative and stylish, Glasgow's Gallery of Modern Art (GoMA) provides the perfect setting to host a drinks reception, intimate corporate dinner or product launch. For those clients looking for something extra special our gallery space in the main hall is also available to hire for exclusive use.

Located in Royal Exchange Square in the heart of the city centre, with a view of Glasgow's iconic Duke of Wellington statue, the exterior of the building is just as awe-inspiring as the interior.

With collections from Andy Warhol and Scottish artists John Bellany and Ken Currie as well as a spectacular stained glass display and regularly updated temporary exhibitions GoMA is the most visited gallery in Scotland.

What's more, when you host your event at any of our venues you will be directly investing in both the heritage and future of our museums and galleries, ensuring that visitors can enjoy them for years to come.
